HealthCert EDUCATION

ADVANCED WORKSHOP OF

INTRAUTERINE SYSTEMS

ONE-DAY SUNDAY WORKSHOP

ACCREDITED BY

RACGP | CPD Education Provider 2020 22

ACCREDITED BY

ACRRM PROFESSIONAL DEVELOPMENT PROGRAM ACCREDITED ACTIVITY 2020 - 2022

The **Advanced Workshop of Intrauterine Systems** is designed for medical professionals who are interested in performing IUS insertions and removals in the primary care setting, and who wish to gain a practical introduction to this advanced procedure.

The workshop will give you a step by step guide to the procedure and valuable insight into the safety guidelines you need to know to avoid complications. You will learn what equipment is necessary to achieve the best outcomes for your patients, with the opportunity to practise on simulated models. This workshop will also demonstrate how to plan patient counselling with an analysis of patient case scenarios. It will enable you to seriously consider this advanced procedure for your practice.

TOPICS COVERED

- Determining the correct steps in the process of intrauterine procedures
- Recognising the safety rules to avoid complications during intrauterine procedures
- Determining the necessary equipment for intrauterine procedures
- Planning patient counselling
- Analysing patient case scenarios

WORKSHOP DELIVERY AND REQUIREMENTS

The practical one-day workshop is delivered on Sundays. Online assessment in the form of multiple choice questions will take place after the workshop. The workshop is suitable for general practitioners and International Medical Graduates and assumes previous experience in clinical procedures.

PRESENTER

Dr Nelum Dharmapriya | Narangba Doctors

Dr Nelum Dharmapriya was born in Sri Lanka. She graduated from the University of Aberdeen, UK, in 1995 and was a partner at Heaton Norris Medical Centre in Stockport, UK, for seven years. Dr Dharmapriya came to Australia in 2009 and established Narangba Doctors in 2012. She is married with two teenage boys and loves to spend time outdoors – running, cycling, travelling and reading.

THE WORKSHOP INCLUDES

A one-day workshop including presentations and demonstrations from an expert in the field followed by practical hands-on application using medical-grade models.

You will also receive unlimited and ongoing access to free alumni learning resources, video lectures, and discussion forums, as well as invite-only events and special offers after completing the workshop.

CERTIFICATION

Upon successful completion of the workshop, you will receive a certificate of attendance and accreditation points:
RACGP: 40 CPD Accredited Activity Points
ACRRM: 12 Educational Activity & 5 Performance Review PDP Units + MOPS hours: 5 O&G

FURTHER STUDIES

Upon successful completion of the Advanced Workshop, HealthCert recommends further clinical training for this highly sought-after service; referrals to clinical trainers are available. Advanced Workshop graduates may also be interested in extending their skills in other highly sought-after clinical procedures such as male contraception, joint injections, local anaesthetic approaches, post-operative care, and various suturing and surgical techniques. Recommended follow-on certificate courses and workshops include:

- Professional Certificate of Clinical Procedures
- Advanced Workshop of Joint Puncture & Soft Tissue Injections
- Advanced Workshop of Non-Scalpel Vasectomy
