

PROFESSIONAL DIPLOMA OF SKIN CANCER SURGERY

ONLINE + OPTIONAL WORKSHOP

Surgery is still considered the most effective skin cancer treatment. With limited access to surgeons and year-long waiting lists at public hospitals, patients depend on skilled general practitioners who can offer an immediate solution to their concerns.

The final course in the three-part pathway, the **Professional Diploma of Skin Cancer Surgery** is ideal for medical professionals with a special interest in skin cancer surgery. In the course, you can expect to work with noted Skin Cancer Doctors and gain the knowledge required to handle the most advanced surgical procedures on anatomically complex and cosmetically sensitive areas, thus reducing referrals to specialists and making you a favourable referral option for your peers. In the optional practical workshop a team of experienced GPs will support you as you practise your skills on pork parts.

Professional Certificate of
Skin Cancer Surgery

Advanced Certificate of
Skin Cancer Surgery

Professional Diploma of
Skin Cancer Surgery

TOPICS COVERED

- Neurovascular island flaps
- Bilobed flaps
- Banner and rhomboid flaps

COURSE DELIVERY AND REQUIREMENTS

The course is suitable for general practitioners and International Medical Graduates, and assumes no prior knowledge or training in the field. The course is delivered in three parts:

1. **Online lectures:** Start your online studies anytime and complete the eight modules at your convenience.
2. **Live web tutorials:** Reinforce your learning, ask questions and follow along demonstrations of procedures from home.
3. **Optional workshop:** Apply theory in practice and cement your knowledge through guided hands-on workshops in select locations.

PRESENTERS

Dr Tony Azzi
Newcastle Skin Check

Dr Alister Lilleyman
Newcastle Skin Check

Dr Victor Harling
National Skin Cancer Centres

THE COURSE INCLUDES

Pre-reading activities, an optional practical workshop with expert demonstrations and practical hands-on activities, interactive live web tutorials and further readings, individual assessment tasks, and two online examinations.

CERTIFICATION

Upon successful completion of the course, you will receive the HealthCert Professional Diploma and accreditation points:

RACGP: CPD Accredited Activity 40 Points

ACRRM: 3 Educational activity, 12 Performance review PDP units and 3 MOPS points

POSTGRADUATE STUDIES

This course is the final stage of the HealthCert Professional Diploma of Skin Cancer Surgery pathway. Upon successful completion of the pathway, graduates can apply for Accreditation of Prior Certified Learning for module 2 of the Postgraduate Diploma in Minor Surgery studied through the Rila Institute of Health Sciences and awarded by the University of Plymouth (UK), with a time saving of 40 per cent. Graduates can then apply for credit from the Postgraduate Diploma to the Master of Science in the specialism awarded by the University of Plymouth. Clinical attachments are also available in Australia and at university teaching hospitals at the University of Lyon and the University of Vienna, providing the opportunity to observe skin cancer treatments and ask questions of experts.

“ Well planned, structured and conducted education, offering a very enjoyable learning experience with people who want to learn and very good teachers! ”

- Dr F. Cadden, WA -
